stock buyers claim to have a just  
claim that the prices made by the lat-  
est of proportion with those governing

arrangements with the range  
the stock, the latter jumps  
before the deal is consummated and

the man raised objections to the price

purchaser demurred, but the stock

of mind anything but favorable to

ing Overcome.

A local coal situation is improving.  
of coal is now being mined in large  
quantities during the past two weeks,  
and as customers are now pretty well  
supplied the daily lack of the dealer is  
about half as much as it was a few  
days ago. It is expected that the  
coal situation will be improved in a  
few days. Traffic was delayed on the  
railroad yesterday for ten hours on  
the freight wreck and doubtless this  
with the coal shipments.

DEATH OF GREAT LEADER

Thomas E. Bryan, One of Chicago's

Pioneer Citizens.

CHICAGO, Jan. 26.—Thomas E. Bryan,  
who died last night at Washington,  
D. C., was one of Chicago's pioneer  
citizens and a leader in all public en-  
terprises from the Civil war until  
World's fair days.

Chief among Mr. Bryan's public ser-  
vices was his work in the Union de-  
fense committee during the war, and  
his work as president of the North-  
western Sanitary fair held in Chicago  
during wartime, and which netted more  
than \$300,000 for the support of the  
Union cause; his service as Commis-  
sioner of the District of Columbia un-  
der President Hayes, and, lastly, his  
work as head of the committee which  
won for Chicago the fight made before  
committees of congress as to the loca-  
tion for the World's Columbian ex-  
position.

Pitted Against Depew.

In arguing for the location of the fair  
in Chicago before the Senate commit-  
tee, he was pitted against Chauncey  
Depew, who spoke in behalf of New  
York and argued against the feasibil-  
ity of holding a great international ex-  
position in a city 1000 miles inland.

Later, as special commissioner at  
large for the exposition, Mr. Bryan  
traveled throughout Europe, gained au-  
diences with the Pope and with many  
sovereigns, and won from all their in-  
dorsement for the project.

At one time Mr. Bryan's wealth was  
rated at \$2,000,000, but he lost heavily  
by the fire of 1871 and during the panic  
of 1873. In recent years he was in mod-  
erate circumstances financially. He  
was a patron of art and was noted as  
an after-dinner speaker.

Terse Advice for Boys.

Once when asked to give advice to a  
boys' club, he wrote this for them:  
"Take care of details."  
"Beware of cocktails."

GREAT Y. M. C. A. HOME

New York Needs Place to Care for

New Citizens.

NEW YORK, Jan. 26.—Seth Low and  
Cleveland H. Dodge addressed a large  
gathering of men and women last  
night, advocating the building here of a  
great Young Men's Christian associa-  
tion home. It is hoped that this home  
may be such that young professional  
men coming to this city to seek their  
fortunes may be looked after morally  
and physically in it, to the end that  
these new young citizens may become  
potent in the life of the city and help-  
ing clean government come about with  
fair ballot and honest counts. The  
money is thought to be in sight.

"It should come from one man or a  
group of a few men," said Mr. Dodge.

The site now in view is in Fifty-  
seventh street, near Columbus avenue.  
The building as contemplated will be  
one of the largest used in Y. M. C. A.  
work in the world.

"One of the chief needs of this coun-  
try," said Mr. Low, "is a greater num-  
ber of men who do not have to work  
for a living. This class of people can  
give their time and ability to working  
for their communities."

"We do not know how many men of  
great power and ability we are miss-  
ing by not being able to get in touch  
with them and guide them to the right  
places where their influence for good  
will tell."

Jewish League Formed.

SAN FRANCISCO, Jan. 26.—Permanent  
organization has now been effected by the  
International Jewish league, formed in  
this city last month for the purpose of  
aiding Jewish communities in any part  
of the world in the attainment of civil  
and religious liberty.
